Kentucky Fried Chicken is running ads that show a WOMAN violently slapping a MAN:

The KFC headquarters excuses the VIOLENT ads as:

"Tongue-in-cheek humor."

That’s right, domestic violence affects MILLIONS OF AMERICANS each year, but the KFC higher-ups want us to believe this epidemic is humorous!

Send this message to the KFC headquarters:

Don’t ‘chicken-out’ on domestic VIOLENCE. Stop your abuse-promoting ’slap’ ads!
