

RE: Support for FY2024 Appropriations Bill for Labor-HHS-Education

July 25, 2023

Hon. Kevin McCarthy
Speaker, House of Representatives
2468 Rayburn House Office Building
Washington, D.C. 20515

Dear Speaker McCarthy,

We are writing in support of certain provisions related to the Department of Education enumerated in the FY2024 Appropriations Bill for Labor-HHS-Education, recently introduced by Rep. Aderholt of Alabama.¹

The 68 undersigned organizations, all members of the Title IX Network,² are in strong support of the following Sections of the Bill:

1. Section 244: Prohibits the implementation of Biden’s Executive Order on “Gender Identity or Sexual Orientation.”
2. Section 311: Prohibits the Department of Education from implementing the proposed Title IX regulations that were issued in July of 2022 and April of 2023.
3. Section 312: Protects religious liberty in schools.
4. Section 534: Prohibits the use of federal funds for hormone therapy or surgical treatment for “gender affirming care.”
5. Section 535: Prohibits the implementation of any other “diversity, equity, inclusion office, program, or training.”

We urge the House of Representatives to retain all five of these Sections, to keep the strong language used in these Sections, and to bring the FY2024 Appropriations Bill for Labor-HHS-Education for a prompt floor vote.

Sincerely,

National Organizations (36):
